personal use guest fridge

SmartFridge 65

personal use guest fridge

SmartFridge - ABOUT

The intelligent fridge that cools only when your guests need it!

SmartFridge, an innovative new product from Minibar Systems, redefines hotel in-room convenience refrigeration technology with benefits for both guests and hotels. The control panel lets guests use the fridge when needed and can be shutdown when not needed, saving up to 50% of specified energy consumption.

Hotels are now able to offer guests the amenity they ask for and benefit from our fundamental commitment to develop sustainable products.

Adjustable transparent glass shelves
